Opyos

Opyos Beverages is manufacturing small batch spirits, inspired by the local heritage of the Grand Duchy of Luxembourg. Opyos' unique taste is rooted in the subtly struck balance between native botanicals and ingredients typical to the spirit. The result is an exclusive product line with powerful flavours of local terroir.

LUXEMBOURG DRY GIN: Crafted in small batches, our Opyos Luxembourg Dry Gin is a harmonious blend of 8 local elements we hand-pick in our rural surroundings and intermix with 18 botanicals classic to the gin genre. This is resulting in a London Dry Gin that is intentionally marked by an atypical scent and flavour profile, a layered complexity that gives not only gin enthusiasts an elevated experience.

NOSE: Dominating juniper in the beginning, together with notes of different berries and blossoms. Followed by a freshness tracing back to citrus fruits. In the end, bitter and spicy aromas are adding to the complexity.

PALATE: Complex, reflecting the aromas from the nose. The juniper that is dominating at the beginning, is sliding to the background and is leaving a wide, fruity, crisp taste with nuances of spiciness and a certain sweetness.

FINISH: Rounded off and harmonious. The honey, the bold spiciness from the juniper and coriander and the citrus notes ensure a rather intense but pleasant sensation that remains for a while.

NAVY STRENGTH GIN: Opyos Navy Strength Gin is created by adding an extra amount of juniper berries to our classic Dry Gin recipe and bottled at a higher proof in order to capture the entire essence of the juniper berry. Crafted in small batches, Opyos Navy Strength Gin combines our unique botanical bouquet with a full-bodied palette of juniper-forward flavours, balanced by hearty notes of pine needles and spicy citrus aromas, while stimulating a crisp warmth.

NOSE: Bold juniper berries and the fragrance of a coniferous forest after rainfall are standing out vigorously. Afterwards honey notes and fresh citrus scents are completing the first impressions of our Navy Strength Gin.

PALATE: The distinctive flavours on the palate are even more complex than the olfactory impressions. The juniper-led aromas are intensified by red berries, such as rosehip and blackberry, complemented by a spicy woodiness and rounded-off by our classic Opyos character.

FINISH: Flavour-packed, profound and yet surprisingly smooth.

LUXEMBOURG SLOE GIN: Opyos Sloe Gin is made by resting a selection of hand-picked sloe berries in a base of our award-winning Opyos Luxembourg Dry Gin for several months. The result is a wonderfully balanced palette of flavours, characterised by gentle notes of sweet almond and seductive fruit aromas that come alive in a velvety texture and warm violet colour.

NOSE: The nose is full of bright ripe berries intermixed with subtle aromas of cherry and a sweet almond touch. Followed by citrus notes and the characteristic Opyos freshness and crispiness.

PALATE: Beautifully mirroring the olfactory impressions, paired with a rather sweet and velvety sensation. Dark forest fruit, sour cherries and hints of spiciness at the beginning which are followed by slight notes of almond.

FINISH: Remarkable intensity that is characterised by sweet, ripe dark fruits and a silky texture. A warm sensation underlined by fresh citrus peel and the recognisable Opyos Luxembourg Dry Gin flavour, which is rounding off the experience and shaping a lingering taste.

APPLE QUINCE GIN LIQUEUR: Opyos Apple Quince Gin Liqueur is made by macerating apple pomace as well as freshly pressed quince juice in our classical Dry Gin. The hand-picked apples and quinces, which come from traditional orchards just around the corner, are pressed in the Eppelpress, resulting in two different outputs: pomace and juice. The apple pomace is macerated for several months in our dry gin before being blended with quince juice and raw cane sugar. The result is a wonderfully balanced palette of flavours, characterised by golden, ripe quince notes combined with sweet and sour apple flavours.

NOSE: The nose is characterised by strong aromas of ripe yellow apple, paired with fruity notes of fresh quince juice. Followed by citrus notes and the distinctive freshness and spiciness of our Opyos Luxembourg Dry Gin.

PALATE: Beautiful reflection of the olfactory impressions, paired with a sweet and slightly velvety mouthfeel. The acidity of the apples lays over the tongue, stimulates the salivation and lets the fruity as well as fresh aromas of the quinces come to the foreground, followed by light spicy notes.

FINISH: Remarkable intensity characterized by sweet and gentle tannins of the apple pomace. The subtle bitterness of the pomace gradually fades into the background, giving the citrus notes of the Dry Gin the space to unfold and is completed by the spicy aromas.
